Engine Model: Volvo D1-30f

Engine Type: Inboard

Engine/Fuel Type: diesel

Engine Hours: 258

Engine Power: 30|horsepower

Tanks

Fresh Water Tanks: 147Gallons

Fuel Tanks: 142Gallons

General Boat Description

This is “Squeeze de Citron.” A 2023, turn-key, fully canvased, fully optioned boat with the big-boat features — bowsprit, hull windows, twin wheels, self-tacking jib, full B&G nav, AC, bow thruster, even a wine locker.

There just aren’t many (any?) boats out there with this many features in this size.

The Dufour 37 is the only yacht in her size range to offer so many living spaces onboard. Successor of the Dufour 360, the beautiful Dufour 37 is built with simplicity and elegance and made for smooth sailing.

Thanks to Dufour’s new innovation and a bow designed for greater volume forward, the Dufour 37 offers a spacious owner’s cabin at the front with excellent headroom.

This flexible and hospitable 3-cabin interior is bathed in streams of natural light from its large central hull windows.

The Dufour 37 benefits from the major innovations that made the Dufour 470 such a success: the bowsprit platform, the large deck hatches, hull windows, and the layout of the outdoor space with a larger cockpit makes it easy to move around the deck.

Like all of Dufour’s latest models of this range, the emphasis has been placed on outdoor living.
