Engine Power: 425|horsepower

Tanks

Fresh Water Tanks: 166Gallons

Fuel Tanks: 1264Gallons

General Boat Description

The Tesoro 40 GTS is a high-performance luxury day boat that blends striking Mediterranean design with serious offshore capability. Built for owners who value both speed and style, this model delivers an exceptional balance of open-air entertaining space and refined interior comfort.

Powered by twin Mercury Verado 425HP V10 outboards, the 40 GTS offers exhilarating performance, cruising comfortably at 30 knots with a top speed approaching 47 knots. The joystick control system provides precise handling and effortless docking, making her equally suited for experienced operators and owner-drivers.

On deck, the layout is designed around social living. Expansive sunpads at the bow and aft create multiple lounging zones, while the central helm and cockpit flow seamlessly into a well-appointed outdoor galley and bar area. The Cullinan T-Top provides shade without compromising the open feel, and premium finishes throughout elevate the overall onboard experience.

Below deck, the Tesoro 40 GTS surprises with a thoughtfully designed cabin space, featuring a comfortable double berth, refined materials, and a private head. This allows for overnight capability, extending her use beyond a traditional day boat into weekend cruising territory.

Additional features such as the hydraulic swim platform enhance water access and usability, while high-end audio and navigation systems ensure both entertainment and confidence underway.

Hull #66 is a highly specified example, offering a rare opportunity to own a fully equipped, late-model Tesoro 40 GTS with delivery to Palm Beach. Whether used for entertaining, coastal cruising, or as a luxury tender, this vessel stands out as one of the most dynamic and stylish boats in her class.
