Fresh Water Tanks: 1250Gallons

Fuel Tanks: 1250Gallons

General Boat Description

Built for ease of handling and fast speeds. Beautiful three cabin interior with raised dinette. Two Hundred sixty degree viewing from the salon table making Malolo a true deck salon. Interior brightwork is pristine with teak and holly floors and teak accents. On deck the large cockpit accommodates a large crew on benchseats and large back comings. Deck, and cabin sides have no bright work to maintain. The light grey hull stands out in any harbor. Deep keel with bulb give the vessel extreem stability under sail with sailing speeeds at nine knots plus. The small 100% genoa / jib make manuvering under sail an easy task. The present owner has owned Malolo since 2007 and has upgraded and maintained her to high standards. Complete design and documented construction photographs follow the vessel through its cruising life in Southern California.
